[Docket No. GT96-13-000]

Algonquin Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

October 25, 1995.

Take notice that on October 19, 1995, Algonquin Gas Transmission Company (Algonquin) tendered for filing a Report of Gas Research Institute (GRI) Refund. The refund report is being made in accordance with Ordering Paragraph C of the Commission's February 22, 1995, Order Approving Refund Methodology for 1994 Overcollections in GRI's Docket No. RP95-124-000.

Algonquin states it has flowed through its share of the GRI refund as a credit on the October 7, 1995, invoices to its eligible firm customers. Algonquin states that the refund totalling \$683,921.00 represented GRI's overcollection of GRI surcharges for the period January 1, 1994 through December 31, 1994.

Algonquin notes that a copy of this filing is being served upon each affected customer and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with 18 CFR 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such motions or protests should be filed on

or before November 1, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

BILLING CODE 6717-01-M

[Docket No. CP95-650-002]

Questar Pipeline Company; Notice of Amendment to Application

October 25, 1995.

Take notice that on October 20, 1995, Questar Pipeline Company (Questar Pipeline), 79 South State Street, Salt Lake City, Utah 84111, filed in Docket No. CP95-650-002 a second

amendment to its application in Docket No. CP95-650-000, pursuant to Section 7(b) of the Natural Gas Act (NGA), seeking authority to abandon certain certificated facilities by transfer to Questar Gas Management Company (QGM), all as more fully set forth in the amendment that is on file with the Commission and open to public inspection.

Questar Pipeline proposes, by this amendment, to include in the assets to be transferred to QGM: (1) Jurisdictional Lateral No. 17 (JL No. 17), comprising 14,585 feet of 8-inch diameter pipeline, and associated metering and regulating facilities, originally referred to as the Dry Piney Exchange Station, and (2) the Riley Ridge M&R Station, comprising one 2-inch and one 6-inch meter run, various valves and appurtenant facilities located in Section 12, Township 27 North, Range 114 West, Sublette County, Wyoming. It is stated that the gross plant investment values for JL No. 17 and the Riley Ridge M&R Station, as of May 31, 1995, are \$88,381 and \$64,615, respectively.

Questar Pipeline explains that this amendment is submitted in response to the intervention and protest filed by Exxon Company, U.S.A. (Exxon), in this proceeding on September 6, 1995. It is further explained that Questar Pipeline concurs with Exxon's assertions that Questar Pipeline's 8-inch, 2.76-mile JL No. 17 and associated facilities should more properly be classified as gathering because JL No. 17 connects Questar Pipeline's Dry Piney gathering system with two Williams Field Services' gathering laterals.

Questar Pipeline asserts that, upon receipt of the requested authorizations, QGM will own and operate these facilities as part of its nonjurisdictional gathering system, exempt from the Commission's jurisdiction under NGA Section 1(b).

Any person desiring to be heard or to make any protest with reference to said amendment to the application should on or before November 15, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene
